INFORMATION FOR AUTHORS

1. *Work made for hire:* If you are an employee and your paper was prepared as part of your job, the copyright to the paper belongs to your employer. If you as an author sign the copyright transfer form, you represent that you are authorized by your employer to do so and that your employer has consented to all of the terms and conditions of this form. If not, it must be signed by someone so authorized.
2. *Joint authorship:* For jointly authored papers, only one signature is required if all authors work for the same company; the paper thus is a work made for hire, the copyright rests with the employer rather than the individual authors, and anyone authorized by the employer may authorize the copyright transfer. When the authors work for different employers, a separate copyright transfer form must be signed by the authorized agent for each employer. When authors are self-employed, each must sign a separate copyright transfer form. Co-authors who are U.S. Government employees are not required to sign this form, but any co-authors outside the U.S. Government must sign Part A.
3. *Work performed under U.S. Government contract:* Authors whose work was performed under U.S. Government contract, but who are not employees of the U.S. Government, are required to sign Part A. Item 5 of Part A returns the reproduction rights to the U.S. Government when required for U.S. Government purposes, while retaining the AIST and TMS copyright protection with respect to reuse of the material by the general public.
4. *AIST and TMS policy on assignment of copyright:* As a convenience and courtesy to the technical community, AIST and TMS routinely grant permission upon request to authors to use in their papers, portions of works by other authors for which copyright has been transferred to AIST and TMS. AIST and TMS reserve the right to use any parts or the entire paper in revised editions, derivative works, etc. published by either organization.
5. *AIST and TMS publishing policy on presentations accepted for conferences and symposia:* AIST and TMS reserves the right to publish, reproduce and display presentations accepted for conferences and symposia prior to publication elsewhere. Permission to reprint presentations from AIST and TMS publications must be obtained prior to publication elsewhere.

PART C – PERMISSION TO PUBLISH

I hereby certify that I am a self-employed author or authorized by my employer to grant permission to publish the paper cited previously in the designated AIST and TMS publication or any other AIST and TMS publication.
